	The Vision at Redhill Primary Academy	We provide a happy, secure and safe environment where everyone feels valued and respected through our 'A Valued Me' core values system.	We create an atmosphere where children are comfortable in sharing their ideas and in respecting the ideas of others to become confident and competent learners academically, socially and spiritually.	We encourage all of our children to achieve their potential and follow their aspirations, by providing them with the necessary skills for the future.	We provide opportunities for our children to become resilient learners who persevere when faced with challenge, who are not afraid to take risks.	We make learning inspiring, challenging, fun and meaningful.	Rather than focus on only a child's academic or physical development, we recognise that children are made up of interconnected parts: mental, physical, socio-emotional and spiritual.

TEACHING INTENTIONS	Our Teaching Intentions	Purpose of the learning is made explicit leading to outcomes	Modelling	Questioning	Challenge for all and support where necessary	Continuous formative assessment	Moderation of assessments and judgements
	Our provision is informed by educational research into effective teaching practices, cognition, learning and how knowledge and understanding develops. These act as a guide for the consistency and distinctiveness of our curriculum.	Teaching is based on a clear understanding of cognition and learning.	Teachers have deep knowledge of the subjects they teach.	Teachers monitor learning and provide feedback.	The classroom climate created by teachers inspires and motivates all pupils.	Pupil groupings are flexible and not solely driven by perceived "ability" or prior attainment.	Developing strong partnership with parents and carers that influence learning at school and home.
